

Symphony of colours

By 3B (6) Aizel Claire

In a room of vibrant hues, a masterpiece unfolds,
A woman sits upon a chair, as the story unfolds.
Green and yellow dance together, a harmonious blend,
Creating a vibrant tapestry that seems to never end.

Behind her, a window frames a breathtaking sight,
The blue night sky adorned with stars shining bright.
Trees sway gently, a serene and peaceful scene,
Adding depth and tranquility to the vibrant dream.

The woman exudes grace, a portrait of poise,
Her presence captivating, her spirit poised.
The colors breathe life into her tranquil repose,
Creating a moment frozen in time, forever it flows.

This painting transports us to a world so sublime,
Where colors and dreams intertwine.
A testament to the artist's skill and vision,
A celebration of beauty that defies any division.

So let us revel in this artwork's embrace,
A symphony of colors that leave no trace.
For within its strokes, a story is told,
Of a woman, a room, and a world so bold.
